Policy Title Coaching Clinics

Code No. 441

Varsity and assistant coaches, upon prior approval of the athletic director and building principal, may be excused from teaching responsibilities to attend one coaching clinic per year in their respective activity. The District will provide payment for registration, lodging and board, but not to exceed \$125.00 per coach. If attendance requires the coach to be absent from school, a substitute will be provided by the District (this cost is in addition to the \$125).

Providing availability, one school vehicle will be provided -- or gasoline for one vehicle will be furnished if the coach drives his/her own car.
